Lot "Golden"

MINHAFER OATS

This lot of new Minhafer Oats meets all the requirements of certified seed except it was not field inspected and therefore, must be sold as uncertified. The purity is 99.85%, and germination is 95%. New Minhafer has more disease resistance than any other oats, it's early maturing, and it's fast becoming famous for its excellent performance. Save money - this special lot is already treated!

ONLY \$1.75 BU.

EXCEPTIONAL LOT OFFERS FOR EARLY ORDERS

Lot "Gro-More"

PLOW-DOWN ALFALFA

Thousands of northern farmers find this non-hardy alfalfa works wonders as a substitute for Red Clover as a green manure crop, and it also saves them considerable money in seed costs! This lot of bright plump southwestern grown seed has strong germination and a purity of 99.50%. It contains just a trace of Red Clover seed so we are making it a bargain.

ONLY 19.20 BU.

Lot "Idaho"

GRIMM ALFALFA

Grimm Alfalfa is available year at lower prices than certified Ranger. This 20,000 lb. lot of real quality Grimm will satisfy the most critical buyer. If you are going to seed alfalfa for a one or two year stand, you can save money with this lot. Remember Grimm is one of the most winter hardy of all alfalfas, and it's hard to beat for 1st and 2nd year stands. While 20,000 lbs. lasts:

ONLY \$22.80 BU.

Lot "Nebraska"

LINCOLN

U. S. Department of Agriculture

BROME GRASS

This is the year when Brome is cheaper than any other grass seed. Never before has Brome had the price advantage that it does this year! This lot consists of only 8,000 lbs. Purity is 88%, germination 80%. Standard specifications for Brome are 85% pure and 75% germination. This lot will be sold out early, so act promptly.

Lot 'Silo King' Hybrid Fodder Corn

A blend of A-1 Hybrids selected to produce greatest tonnage of quality fodder. All uniformly graded. Germination over 90%. Choose from these 3 maturity blends:

EARLY (90-100 days) ... } FLATS \$8.00 Bu.
MEDIUM (100-110 days) ... } ROUNDS \$7.00 Bu.
LATE (over 110 days) ... }

Special Lot 'Vigor' Hybrid Corn Blend

These popular BLENDS provide greatest insurance against adverse weather because the variation in maturity permits only part of crop to reach a critical stage at any one time. This lot has exactly the same hybrid features, germination and purity as our No. 1 Certified Seed. It consists of thick kernels graded from our Certified hybrids. Nothing finer for drilling, for silage, or "hogging off"! Use your medium or small plates.

EARLY MATURITY BLEND:
(85 to 100 days)

OR

LATE MATURITY BLEND:
(100 to 115 days)
